To

BANGALORE.

SECRETARY TO GOVT. No. 8 OCT 1956 HOME, FOREST & AGRI.

Sir,

Sub:- 2nd 5 Year Plan - Scheme for Nature Conservancy - Central Financial Assistance.

GOVERNMENT SECRETARIAT 9 OCT 1956 A. & F. BRANCH

With reference to your letter No. A.F. 2017-8/F dated the 18th May 1956 on the subject, I enclose herewith a copy of letter No. 698 dated 23rd August 1956 along with that of its enclosure giving the details of work to be done for improving the existing Sanctuary at Bandipur.

Need from G.I. 11/1/57

The Government of India wants the particulars to be given in triplicate in the Pro Forma prescribed. Before doing so, I wish to state that, in their letter No. F.8-15/56 ~~dx~~ FD. dated the 10th August 1956, the Government of India had intimated that the Central Government had allotted Rs. 65,000 for this item being 50% Contribution. I invite your kind reference to my letter No. RK.16-837-55 dated the 24th August, 1956 with which I have enclosed a copy of Government of India letter No. F.8-1/56-FD dated 14th August 1956. In this letter a provision of 0.65 lakhs has been made for "Preservation of Wild Life" as subsidy. Action has already been taken to implement this scheme which has been provided for in the 2nd Plan. The nature of work according to this plan is quite different from the items now proposed by the District Forest Officer and the Wild Life Officer, Mysore. Hence, I wish to be informed if the Rs. 65,000 promised in the Government of India's letter of 14-8-1956 is different from the sum of Rs. 65,000/- mentioned in the Government of India's letter dated

P.T.O.

dated 10-8-1956 headed under Nature Conservancy Scheme. There seems to be an overlapping of the schemes. I am sending a copy of this letter to the Government of India for clarification. If they say that the two schemes are different, I shall send the particulars for Nature Conservancy Schemes in the pro forma separately.

Yours faithfully,

M. A. Muthanna

Copy of letter No. D.698 dated 23rd August 1956 from the District Forest Officer, Mysore Division to the Chief Conservator of Forests in Mysore, Bangalore

---

Subject:- Nature Conservancy Schemes 1956-57.

Ref:- Your letter No.M1.42-134/56-57 dated 30th April, 1956.

In reply, I enclose herewith a copy of the report received from the Wild Life Officer, Mysore and of the statement enclosed thereto, for favour of perusal and consideration of the proposals.

I personally feel that in addition to the measures suggested for improving water storage in the Sanctuary area by desilting of existing tanks, it would be desirable to construct earthen or masonary bunds across some of the hallas criss-crossing the forest with a view to impound water, to plant fodder trees along the periphery of the water spread and also to introduce edible and succulent grasses. I am requesting the Wild Life Officer to examine the feasbility or otherwise of these suggestions and submit a detailed report and shall revert on receipt of his reply.

The Bore Well in service at Bandipur does not yield adequate water to meet the requirements of the distinguished visitors let alone meet the demand from the colony. There are no other alternative sources of water in the immediate vicinity. In the circumstances, I venture to suggest attempts being made now along to sink another one or two Bore Wells in the immediate vicinity of the bungalow and to take up construction of the Hotel only if a source of water supply is tapped which can reasonably expected to meet the enlarged requirements of the new Hotal. I request consideration of this suggestion.
